Date	15 March 2024
Team ID	
Project Name	A Comprehensive Measure of Well-Being
Maximum Marks	1 Mark

Team Involvement in Demonstration:

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Tatikonda Dhanush (Team Lead)	Project Introduction & Coordination	Problem Statement, Project Objective, Conclusion	Coordinated the team, explained the project objectives, supervised development activities, and concluded the demonstration with future enhancements.	Active
2	Sankarasetty Venkata Naga Akash	Live Application Demonstration	Flask Web Application, Dashboard, Graphs & Recommendations	Demonstrated the live application, user input process, prediction results, dashboard visualizations, and personalized recommendations.	Active
3	Narra Balaji	Dataset & Workflow Presentation	Dataset Collection, Data Understanding, Project Workflow	Explained dataset collection, preprocessing workflow, and the overall machine learning pipeline used in the project.	Active
4	Muvva Naga Sai	Technology & Implementation	Libraries, Technology Stack, Development Environment	Presented the technologies used, required libraries, development tools, and explained the implementation environment.	Active
5	Naidu Eswar	Machine Learning Demonstration	Linear Regression Model, Model Training, Prediction	Demonstrated model training, prediction process, evaluation, and explained how the Linear Regression model generates the well-being score.	Active

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Tatikonda Dhanush
Overall Team Coordination Rating (1-5)	5
Any issues during demo	Minor synchronization issues occurred while switching between presenters and application modules, but they did not affect the overall demonstration.
How issues were resolved	Team members coordinated through prior rehearsal, assigned clear presentation responsibilities, and followed the planned demonstration sequence to ensure a smooth presentation.
